Adam Gray	Coleshill Heath Secondary		
Paddy Ward	St Edwards		
Karen Scott	Greswold Primary School		
Chloe Maisey	Tudor Grange Academy		
Marion Jones	Wootton Wawen primary		

Agenda Item	Notes	Action
	Welcome and apologies	
1	<p>Actions from previous meetings :</p> <ul style="list-style-type: none"> Information was shared via ES about the PE and SS website www. http://peschoolsportcsw.org.uk ES uploaded the meeting notes to the website and create area pages – only Coventry sent through information Secondary school conference – consultation with schools suggested they would prefer area meeting, JC has organised Heads of PE meeting for Solihull on 16th March at Langley School. JM is organising similar meeting in Coventry date TBC Consultation review sent out – strategy covered in the main agenda All further action complete 	
2	<p>Local Update</p> <p>ES provided an evaluation of the Primary Subject Leaders day held in November, 70 teachers attended and overall the feedback was very good- see attached document</p> <p>ES presented an overview of the recent School Games event in Solihull which</p>	JM to feedback decline in

	<p>identified which areas had sent teams. There was some discussion around new School Games Organisers (SGOs) being in post and school seeing a decline in competition. Jim Morris to feed this back at SGO meeting. Dates of all competitions were handed out. ES invited all members of the group to attend the pinnacle Summer Games Festival on 8th July 2016 at Warwick University.</p>	<p>some competitions</p> <p>ES to send out information regarding summer events near the time</p>
3	<p>National update YST</p> <p>JM gave an overview of the Department of Culture Media and Sport's new strategy. There will be a review of School Games and the role School Games Organisers play – they are currently only funding till August 2016. The primary PE premium has been committed, the funding is ring fenced however there is no clear indication as of yet how this funding will be released to schools and how much. Possibility of it being rolled out differently. DCMS are waiting for the upcoming obesity strategy to be released before a decision is made. Early years sector may receive funding and primary maybe to target prevention of overweight and unhealthy children. Also potentially maybe funding for transition.</p> <p>Discussion around health and how schools are not always aware of the programmes available to help parents develop a healthy lifestyle. Generally parental engagement is poor, particularly with the children that need the most support. The group recognised that whilst educating children, educating parents was also key and there needs to be a culture change to demonstrate the benefits on health and wellbeing.</p>	<p>Link to health page on PE website</p> <p>http://peschoolsportcsw.org.uk/healthy-schools</p>
4	<p>Transition project</p> <p>JM and ES suggested the group could work on a transition project as this had been highlighted in previous meetings. The group felt it was important for secondary schools to recognise the achievements of pupils in primary schools, not only representing the school, but also outside the school. How can schools encourage participation as often pupils stop playing sport in year 7? There were a number of barriers discussed including the profile of sport in secondary, capacity with the secondary PE department and opportunities for the pupils. The group then separated into their three areas to discuss further:</p>	
5	<p>Actions from key agreements from the three county strategic groups:</p> <p>Sub region</p> <p><u>Coventry</u></p> <ul style="list-style-type: none"> • Discussion around engaging governors and making them aware of what their role should be. Both Wootton Wawen and St Edwards have a governor responsible for PE and School Sport. • Transition - use the head of PE network that JM is setting up to see what school representation is happening and how can we track it? • Better communication particularly with School Games Events <p><u>Solihull</u></p> <ul style="list-style-type: none"> • A strategy for Transition is currently being developed by the Strategic Accountability Board and the PE group will insure PE and School Sport is on their radar and identify how it can be incorporated. An excel spread sheet 	<p>http://peschoolsportcsw.org.uk/resources - article from Edward Timpson on school governors role in Sport premium</p> <p>JM to raise at Head of PE meeting</p> <p>JM to raise at SGO meeting</p> <p>JC and JN to work together to achieve this</p>

	<p>will be developed by JC and JN which looks at the profile of school sport in each school, what clubs the young people attend both within school and outside of school which can then be shared with secondary schools.</p> <ul style="list-style-type: none"> • Investigate if schools are charging for after school clubs and if they are also providing free opportunities for pupils to take part, as affording after school clubs for some parents could be a barrier for young people taking part. The ambition is that all pupils attend at least one free club a week. Schools need to share best practice and it needs to be highlighted that the PE and School Sport premium could be used to provide these opportunities • The benefits of young people attending clubs also need to be captured, for example does confidence and self-esteem increase, is there any extra progression in curriculum, how is behaviour affected? <p><u>Warwickshire</u></p> <ul style="list-style-type: none"> • Communication about the group and better representation is needed • MJ working to produce a one page document that has a health and wellbeing overview about pupils which can then be shared with secondary schools. 	<p>MJ to share the one page document with the rest of the group</p>
<p>6</p>	<p>AOB</p> <p>JC – There have been a number of documents that AfPE have produced:</p> <p>http://www.afpe.org.uk/images/stories/afPE_branded_Effective_Use_of_Coaches_-_January_2016.pdf</p> <p>Effective use of coaches – a must read for those of you who may use coaches or external providers within your schools.</p> <p>http://www.afpe.org.uk/images/stories/Early_years_manifesto_FINAL.pdf</p> <p>‘Best Start in Life’ A manifesto for physical activity in early years from the British Heart Foundation.</p> <p>http://www.afpe.org.uk/images/stories/Definition_of_PA_PE_School_Sport.pdf</p> <p>A poster which shows clearly what Physical Activity, PE and School Sport are in School.</p> <p>JM – YST are looking for Head Teacher Ambassadors to help to be an advocate for PE and School Sport –to find out more contact Jim - jim.morris@youthsporttrust.org</p> <p>School Games Mark criteria is now out https://www.yourschoolgames.com/school-games-mark this allows schools to document their activity in school games and receive either bronze, silver or gold. Bronze is achievable for all schools.</p>	<p>Email JM if you would like further information on YST Head Teacher Ambassadors</p> <p>Criteria attached</p>
<p>7</p>	<p>Date of next meeting</p> <p>Wednesday 25th May 2016 - Wootton Wawen Primary School, Warwickshire</p>
